

Grant Harford

14 REN Head Coach

Coaching Experience:

- I spent the first 7 years coaching in the Hendersonville/Gallatin area.
- I spent 5 seasons as an assistant high school coach,
- 2 seasons as the head coach for Beech High School.
- I am still the only coach in Beech High School volleyball history to win the district tournament and region tournament in the same season.
- I also spent 7 years coaching for Alliance North, a satellite run out of Sumner County.
- I spent 3 years as the satellite coordinator too.
- I moved closer to Nashville where I have been coaching for Alliance in Franklin for 6 seasons, this being year 7 in Franklin.
- I spent 4 years as the head coach for Independence High School, winning coach of the year in District 12 in 2021.
- In the Fall of 2022, I was the volunteer coach for Lipscomb University in Nashville. Currently
- I am coaching the freshmen at Lebanon High School.

Playing Experience:

- My play experience started in college. I helped revive the men's club volleyball team at Tennessee Tech where I played for 4 years. I played every position during my team there but specialized in middle and setter. I was voted best offensive player and MVP by my teammates for 3 years. I now play volleyball as much as possible. Whether it's leagues, pickup, tournaments and play on grass, sand, or indoor.

Personal:

- I hate matching!
