

SRVA/USAV will be using a new registration this year for tryouts and membership. Our club is governed by the Southern Region of USA Volleyball.

Players participating in Alliance tryouts will need to have a “tryout membership” with Southern Region/USAV. This is a \$5 membership that provides secondary insurance coverage during the tryout process.

When completing the membership information, it is important to choose “undecided” as your club choice. Once your daughter accepts a spot with a particular club, you will then log in to your account and update “undecided” to that club’s name. You will purchase a full membership to SRVA/USAV at that time for \$55, benefits include access to all regionally and nationally-sanctioned events, secondary insurance coverage, regional and nationals rules, regulations and guidelines put in place to protect the sport and individuals (including background screenings for every adult that is affiliated with a junior program), access to regional and national high performance programs and many other benefits. All participants must have a full membership in order to be rostered on a team.

Follow instructions below depending on whether or not your daughter is a returning player or new to club volleyball.
