ALLIANCE Mission Statement

- Alliance believes that every child should be offered the opportunity to develop skills that will enable them to excel and compete successfully at the interscholastic, regional and/or national level of youth volleyball. We are a community-based non-profit organization committed to training and developing student athletes through competitive participation in the sport of volleyball.
- We strive to provide a solid foundation of fundamental and technical skills to help participants develop, not only as athletes, but also as individuals. Teaching positive lifelong character traits including sportsmanship, leadership, and cooperation are important to the success of our teams.
- We are committed to providing the best possible environment for our volleyball players to reach their maximum playing potential through excellence in coaching and community support. Our players will be challenged to excel not only for their own personal growth but also for the betterment of their team, the organization, their communities, and the development of area club coaches.

The Alliance Distinction

- **Our Coaches...** A club is only as good as its coaching staff! We strongly believe that parents and players have the right to know who will be coaching their daughter. We have hired and retained coaches who demonstrate the appropriate technical experience and skills needed to succeed as a coach, who can thrive in our club and culture, and who can support our goals as a club.
- **Our Leadership...** Our staff's experience and expertise is among the best in the country. Our Executive Director has over 10 years club leadership, our Managing Director has over 5 years club leadership, and our Club Administrator has been in her role for 12 years.
- **Our Board of Directors...** We are governed by a Board of Directors and hold regular meetings to address both long-term strategy and financial operations.
- **Our Financial Stability...** Despite COVID interrupting our season, our fiscal responsibility allowed us to meet all financial obligations (rent, utilities, insurance, staff pay, etc.), as well as refund a portion of club fees back to our families. We do not have any unpaid financial obligations entering in to the next club season. Good accounting practices and sound fiscal management are verified by an annual review conducted by an independent accounting firm.
- **Our Reputation in the Volleyball Community...** We continue to forge relationships with other clubs who want to partner with us. In addition to our long standing partnerships with LA Volleyball, Union, Tsunami, USAV and AAU, this season we are excited to include K2 Volleyball and Ethos Volleyball as tournament partners.
- **Our Focus on Developing the Complete Athlete...** We are committed to teaching positive lifelong character traits including sportsmanship, leadership, and cooperation, in addition to a solid foundation of fundamental and technical skills
- **Our Transparency...** We believe in open communication for parents and players and also open our gym to parents. Access to team practices allows for a better understanding of what we teach, how we teach, and the uniqueness each coach brings to our gym.

2020-21 Club Fees

- As a 501c3 organization, we strive to keep fees as low as possible, while still reaching our mission of training and developing student athletes through competitive participation in the sport of volleyball with excellent coaching in a safe and adequate facility.
- We do not budget to make a profit, simply to pay costs associated with running a 40+ team, 400+ member club.
- We depend on all players to pay fees fully in a timely manner to ensure that we, in turn, are able to pay expenses associated with running our club.

But what about COVID...

We are hopeful that the upcoming club season will have minimal disruption from COVID-19. We have set our fee schedule to include all costs associated with a typical full season, but are prepared to process refunds as necessary.

- All expenses associated with tournaments (tournament entry fees, coach pay, coach hotel and travel) are included in club fees. In the event a tournament is cancelled, these expenses will be refunded, and are estimated as follows:
 - Two day home tournament - \$65 to \$80
 - Two day away tournament - \$85 to \$110
 - Three day away tournament - \$155 - \$165
 - Four day away tournament - \$225 - \$250
- If the practice schedule is significantly impacted, we will assess expenses incurred to that point in the season in an effort to return an equitable portion of unused monies back to our families. These funds may be returned in the form of future programming credit, credit card/check refunds, or a combination of the two. The decision how to process refunds is solely at the discretion of the club. Neither the club nor our families should bear 100% of the risk involved and we will proceed accordingly, doing our best to continue running a fiscally sound business while also being sensitive to finances of our club families.
