ALLIANCE MISSION STATEMENT

- Alliance believes that every child should be offered the opportunity to develop skills that will enable them to excel and compete successfully at the interscholastic, regional and/or national level of youth volleyball. We are a community-based non-profit organization committed to training and developing student athletes through competitive participation in the sport of volleyball.
- We strive to provide a solid foundation of fundamental and technical skills to help participants develop, not only as athletes, but also as individuals. Teaching positive lifelong character traits including sportsmanship, leadership, and cooperation are important to the success of our teams.
- We are committed to providing the best possible environment for our volleyball players to reach their maximum playing potential through excellence in coaching and community support. Our players will be challenged to excel not only for their own personal growth but also for the betterment of their team, the organization, their communities, and the development of area club coaches.

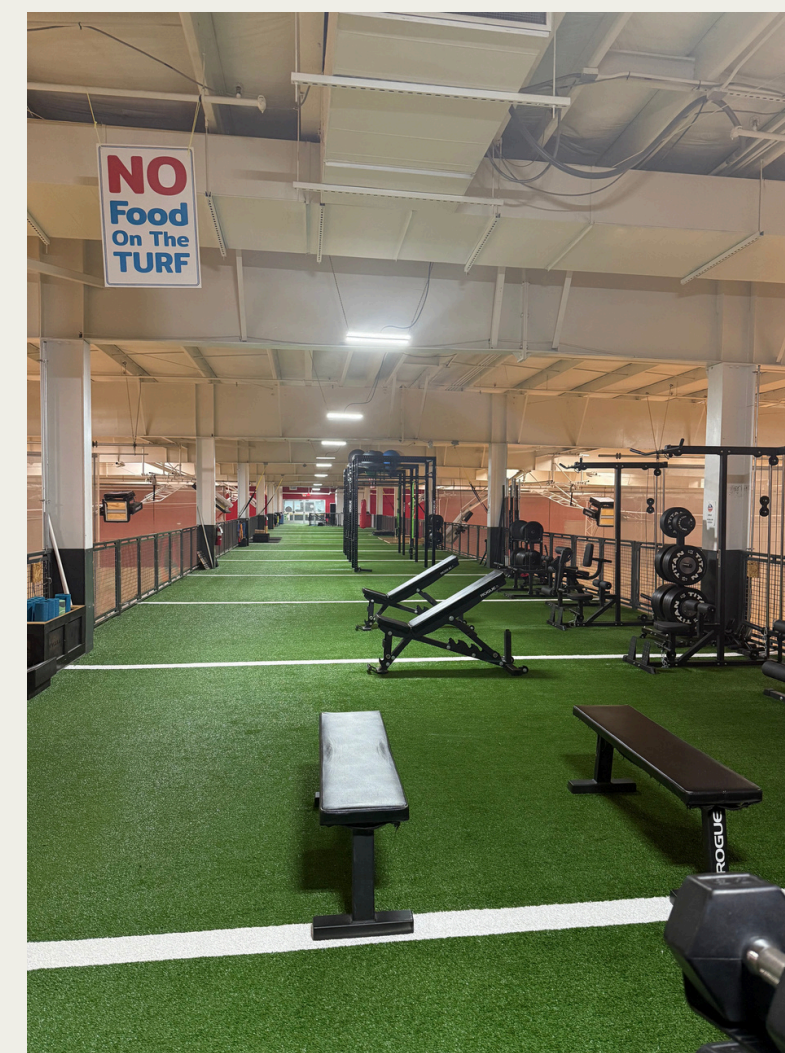

THE ALLIANCE DISTINCTION

- **Our Coaches...** A club is only as good as its coaching staff! We strongly believe that parents and players have the right to know who will be coaching their daughter. We have hired and retained coaches who demonstrate the appropriate technical experience and skills needed to succeed as a coach, who can thrive in our club and culture, and who can support our goals as a club.
- **Our Leadership...** Our staff's experience and expertise is among the best in the country. Our Executive Director has over 10 years club leadership, our Managing Director has over 5 years club leadership, and our Club Administrator has been in her role for over 15 years.
- **Our Board of Directors...** We are governed by a Board of Directors and hold regular meetings to address both long-term strategy and financial operations.
- **Our Reputation in the Volleyball Community...** We continue to forge relationships with other clubs who want to partner with us, including long standing partnerships with LA Volleyball, SVT, S&S Events, K2 Volleyball and Ethos Volleyball for tournaments.
- **Our Focus on Developing the Complete Athlete...** We are committed to teaching positive lifelong character traits including sportsmanship, leadership, and cooperation, in addition to a solid foundation of fundamental and technical skills
- **Our Transparency...** We believe in open communication for parents and players and also open our gym to parents. Access to team practices allows for a better understanding of what we teach, how we teach, and the uniqueness each coach brings to our gym.

WAYS WE ENCOURAGE FEEDBACK

Coach Self Evaluations

Coaches are required to submit self evaluations at the end of each season, promoting reflection and feedback.

Coach End of Season Meeting

At the end of each season, coaches are required to meet with the directors and debrief the season as a whole. Self evaluations are discussed as well as future plans of coaching next season.

Parent Leader Mid-Season Meeting

In the middle of each season, parent reps from each team will meet as a group with members of our staff to touch base on hotel placements, team communication, app usage, etc.

End of Season Parent Survey

At the end of each season, we ask all parents to complete a survey. We then utilize this feedback to decide on coach placements for the next year as well as general updates or changes that make sense within the club.
