

Name: Grant Harford

Team: 14-Molten head coach, 16-Ren 2nd assistant

Coaching Experience: Entering my 12th year of coaching. I was an assistant for different schools in Sumner County before taking the head coaching job at Beech High School for 2 years. While there, I helped make school history. We won the district tournament and region tournament in the same year, first time ever. I have helped Cumberland University for 3 years as a volunteer assistant coach. I am currently at Independence High School in Thompson Station TN, finishing up my 4th year there.

I have also worked for Alliance North, a satellite branch in Hendersonville. I coached there for 7 seasons and worked as the satellite coordinator for 3 of those seasons. I then moved closer to Nashville and have coached for the main club in Franklin for the last 4 years. I was the 16 Premier head coach for 2 seasons and the 16 Molten head coach for the last two seasons. I also was the assistant for the 11 Ren team for a season as well.

Playing Experience: I played men's club volleyball at Tennessee Tech in Cookeville, TN. I was one of 3 students who revived the club. I was voted captain for 3 years and voted best offensive player and most versatile. I mostly played middle hitter or setter, depending on the team needs. Quite the opposite positions I know!

Education: Cumberland University, Bachelor of Sports Management

Professional: I work at a restaurant as a server on the weekends, whenever I am free. The rest of my time I try to spend either coaching volleyball or playing.

Personal: I love being around friends in my free time. Or the beach. Definitely the beach.
