

**Name:** Olivia Nichols

**Team:** 15 Premier

**Coaching Experience:**

Middle school assistant coach

Volunteer coach at many camps

**Playing Experience:**

I have been playing volleyball since I was 11! In high school, I was an All-Conference first team selection, All-Region honorable mention, and co captain varsity letter earner for 3 years (JV for my first year). In high school I played middle blocker and all around outside.

I committed to play D3 volleyball at Sewanee, the University of the South as an all around outside hitter. At Sewanee, I played all around outside, DS, libero for one season, and right side. Basically, I was a utility player! For my senior year (and COVID season) I was captain and helped the team stay mentally tough during the challenging season!

**Education:**

I have my Bachelors of Arts degree in American Studies with a double minor in Education and Women's and Gender Studies.

**Professional:**

I am the 6th grade English Language Arts teacher at Strive Collegiate Academy!

**Personal:**

I am very active, love to read and cook, and most importantly, love volleyball and helping young players love it as well! Volleyball and being a part of so many teams has been incredibly transformative in my life. It has taught me everything: discipline, communication, teamwork, punctuality, and so much more! I am thrilled for this opportunity.
