## **Personal**

- Derek and his family moved to Chapel Hill, TN this Summer from Queen Creek, AZ and look forward to setting roots and building relationships. He works as Principle Broker for Realty 85 in TN, and Team Leader in AZ, where he specializes in new agent recruitment, land divisions/splits, new home construction, and home sales.

When he isn't working or coaching he will be working with his family on their hobby farm where they intend to raise beef cattle, chickens, and garden.

- *"Players are responsible to show up for practice/games with high energy, hustle, and willingness to learn new skills. It's my job to ensure those who show up with those qualities get better with every minute I have with them on the court. My coaching efforts include mental toughness, skill development, confidence building, and we focus on team efficiency and connectiveness throughout the season. No drama...just work." – Coach Derek*
